

UHCL MIS VPN Instructions

Go to <https://mis.uhcl.edu>

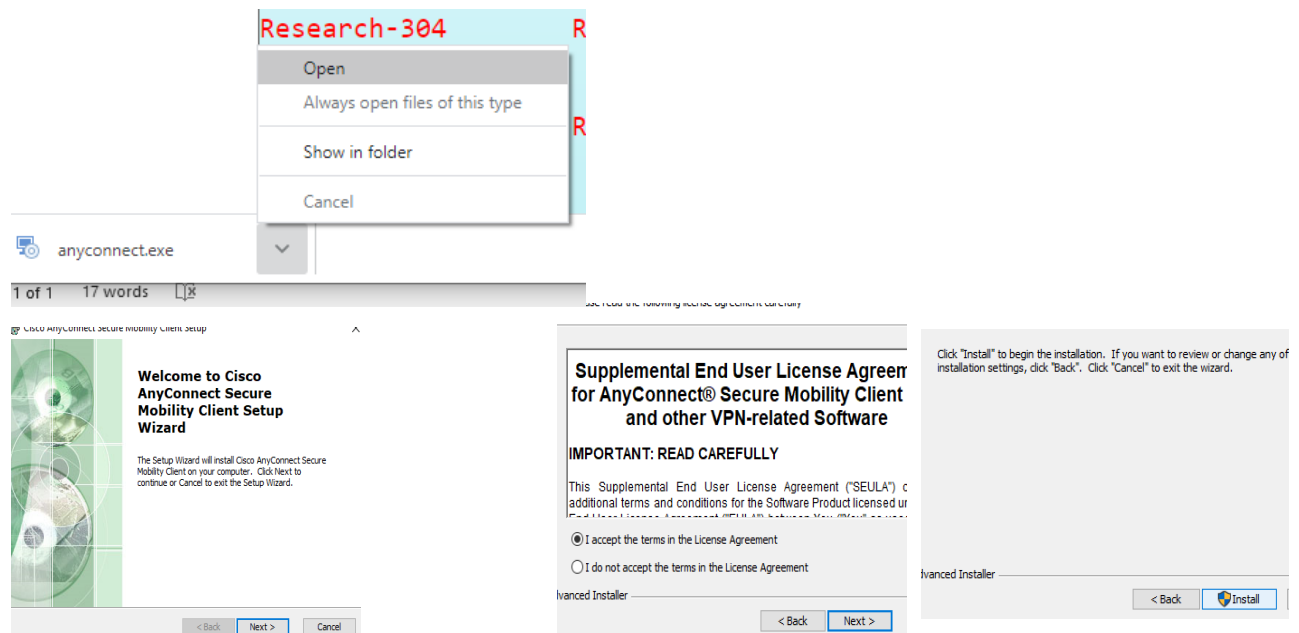

1) Click on Remote access

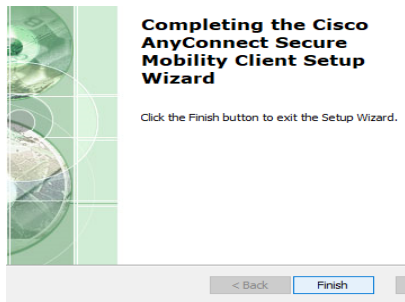

2) Download and install Cisco AnyConnect (only once)

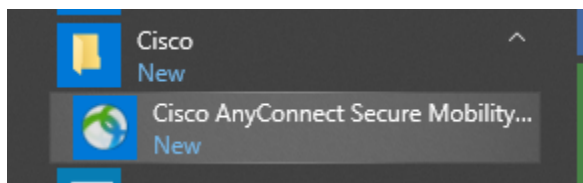

3) Open and Run (again install once on machine) Process below:

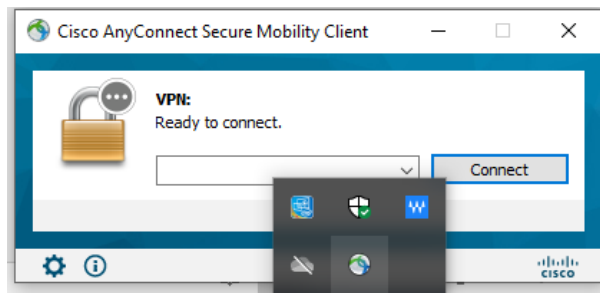

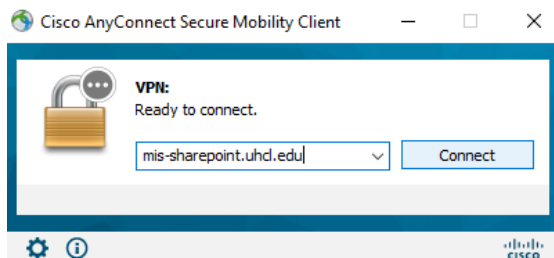

4) Open Cisco AnyConnect

5) This will create an AnyConnect icon in the icon tray (bottom right)

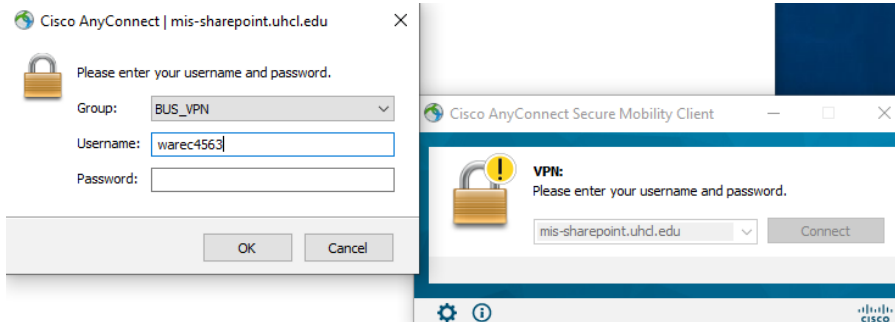

6) Type the vpn address as following: **mis-sharepoint.uhcl.edu**

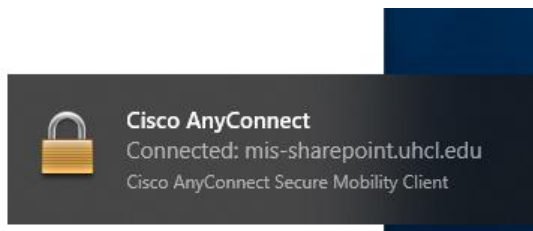

Click Connect

Enter your BUS domain username and password as seen below: (If you have forgotten your password go to <https://mis.uhcl.edu/BUSRESET/>)

MIS VPN is now connected

*******Remember to disconnect MIS VPN located in icon tray after remote session*******
