

Downloading software

Step 1: Go to <https://www.dreamspark.com/Student/Software-Catalog.aspx>

Step 2: Click on **Sign in** or **create account** (Microsoft account is required)

Step 3. After signing in go to **Software Catalog** in the Menu bar

Step 4: Click on the desired software.

Step 5: Click on **Get Verified** and provide your school email address for verification

Example: student@uhcl.edu

Microsoft sends you an email to your school address for verification. If this email does not show up in your inbox you have to retrieve it from the spam messages (see below).

Steps to retrieve spam messages.

Go to <https://myspam.uhcl.edu:28443>

Log in with your webmail ID and password.

Select the emails you want to retrieve by using check boxes and click on **Deliver message**.

After few minutes the emails you selected will be delivered to your webmail and you can find them in your inbox.

Step 6: Once you retrieve the email from Microsoft, follow the instructions in the email to get your student account verified.

Step 7: Now, download button will be active. Select product version as DVD (iso file to burn to dvd) or web installer (install from web) and click on download. Follow the instructions shown in the pop up window to download the file.
